

learning signal

predictive or  
self-supervised signal

**prompting + Ch. 17 ICL\***  
**TTT / fast-weight memory**

**fine-tuning / LoRA\***

reward, preference,  
or control objective

**test-time control**

**RLHF / DPO\* (Ch. 18)**

transient state /  
fast weights

persistent parameters /  
slow weights

adaptation target
